**Shelbyville Democrat On It's  
Last Legs Says Win-  
gate.**

**Veteran Editor Graphically De-  
scribes Demise of His Oldest  
Competitor—Witty and  
Sarcastic.**

John Wingate, of the Shelbyville Republican, commenting on the present condition of the Shelbyville Democrat, one of the oldest papers in the Congressional district has this to say: The Indianapolis News sent James Hedge, Jr., one of their reporters, here today to especially look after the news from Greenfield. The News evidently thinks Greenfield rather an important city to demand the services of a special representative. Mr. Hedge is a pleasant young man, and will no doubt soon make the acquaintance of our people as he goes on his daily round.—Greenfield Republican.

Mr. Hedge, above referred to, has been for some time employed on the Democrat of this city as local reporter and solicitor, but severed his connection with that paper on last Saturday to take employment with the News. Mr. James Wiles, who also has been employed as book-keeper for the Democrat for several months past, shook his job some two weeks ago, and yesterday, Mr. Frank McClellan, who resides at Franklin, Ind., and who has been employed on the Democrat for some months as "job and ad. man," severed his position with that paper and returned to his home in Franklin. This leaves the Democrat with no one to look after its interests but editor H. F. Henrich; the faithful society editor, Joe Hill, one lone printer from Rushville, and the office devil. We feel sorry for the editor and proprietors of this once valuable paper, but it has been losing cast and growing weaker and weaker as the days sped by ever since the imported Michigander swooped down upon it in an evil hour, and took possession of the whole ranch and made things so hot for the faithful employees who had labored there for so many years that they had to quit their jobs. He was as cold as an icicle, bloodless as a turnip and bitter as wormwood. He froze them all out, and at last himself died of broken heart, and now the poor old Democrat, once the pride and admiration of the Rays and the Democratic party, is nothing but a wheezy old organ, eking out a miserable existence, looking, expecting, ah, even longing for the hour when it shall yield up the ghost. Dying, slowly dying, dishonored, disgraced, without patrons and but few friends to mourn its loss. The Democrat was ushered into existence a few years ago by tearing down another and perhaps a more worthy paper and building itself upon the ruins thereof.

### Signs of the Times.

The Democrats met in mass convention at Richmond last Tuesday night to nominate a candidate for mayor. The names of six prominent Democrats were proposed, and each in turn declined to accept the nomination. It was decided to adjourn and to hold a second convention Thursday night. A committee was appointed to select a candidate for mayor, whose nomination will be ratified by the mass meeting. The candidate will be pressed to accept. It is believed that John H. Bayer will be the nominee. He made the race against Mayor Zimmerman two years ago and polled the largest vote ever given a Democrat in the city's history.

### High School Commencements.

The dates of all the High school commencements have not been decided upon, in fact that of this township has not been fixed, but the dates that have been announced are as follows: Manila, May 5th; Milroy, May 10th; New Salem, May 9th; Carthage April 29th.

The church needs manhood more than machinery.

### Chairman Megee's Dubbing.

The following among other things appeared in the Shelbyville Liberal, (Dem.) referring to the Democratic meetings to select delegates here a few evenings ago: "The purpose was to elect two delegates to the State convention from this township. The question at issue was Hearst and Parker delegates, and the Hearst forces won a victory by 4 to 1. So far every delegate that has been selected in Rush county is for Hearst for the Democratic nominee for president. District Committeeman, John Megee, 'ducked' his tail and is the sickest man in town today.

Rush county state delegates will not be bound by the action of the various chairmen, who met here last Monday, and who undertook to fix up in advance what the district should do and what counties should have the two delegates to the national convention. Rush county delegates will aid in knocking that job in the head."

### FIRST GAS WELL

**In Indiana was in Delaware County.**

The first gas well in Indiana was drilled at Eaton, ten miles north of Muncie, in Delaware county. It was shot September 16th, 1886. A plentiful supply of gas was found and the well continued to flow until three or four years ago.

The discovery of gas at Eaton was a bit of accident. Along in civil war times a party of Ft. Wayne capitalists had attempted to find coal there. A drill was sent down and while no coal was found, a foul smelling gas was encountered. In disgust the speculators abandoned the field.

The odorless gas continued to issue from the hole, and finally drew the attention of an oil operator who had visited the gas wells near Findlay, Ohio. He noticed a similarity in the odors of the two gases. An investigation was made; the plug of the abandoned drill pipe was drawn; the well was shot and Indiana's boom career was launched. Numerous as the shocks of a cornfield, derricks were erected all over the state. Hundreds of companies secured charters and leases and commenced to operate.

Soon the belt was located and then the work of development was pushed with all possible speed.

Until the discovery of gas the territory where it abounded was largely agricultural. Aside from a few flouring and saw mills, factories were unknown. As if by magic, all was changed after gas was discovered. Factories sprang up with the rapidity of mushrooms that grow in a night.—Ex.

### Heartfelt Sympathy of Section One.

The following poem accompanied a souvenir spoon presented to Mrs. John P. Frazee, by Section One of the Ladies' Aid Society of the M. E. church, of which she is a member.

They divided the names, gave them out so free  
And called them Sections One, Two and Three  
The President said, "Now remember 'tis done,  
The first to report must be Section One."  
We met and we talked, with little contention,  
We decided to feed the county convention.  
Some balked and some snorted and some said "no,"  
"To follow my convictions, we must have a show."  
So we wrote to Jerusha, in New York State,  
'And asked her to give us an early date.  
'I can give you this date, March 15th, I suppose,  
If you can find a Pauline with a mole on her nose."  
'The 15th of March, impossible, can't be,  
Unless we can meet with you, Mrs. Frazee."  
With justice to all, with much meditation,  
We concluded to send out our kind invitation,  
The house was made ready, the work all done;  
You were royally greeted by section "One."  
They came from the North, South, East and West,  
Each one dressed in her Sunday best.  
'Twas a bitter day out, there were flurries of snow,  
But all were determined to see the "show."  
The house so attractive, it matters not now,  
The havoc we wrought for Jerusha Dow.  
A jollier crowd is seen very seldom,  
Than the ones represented in Jerusha's old album.  
The pictures were all quaint, it all took fine;  
You know very well 'Twas worth more than a dime.  
That each played her part well can truly be said,  
From "Grandmother" down to sweet baby "Ned."  
The company departed at a late hour, you know;  
'Twas a howling success for a ten cent "show."  
We counted our dollars, as true as can be,  
And just in round numbers, there were fifty three,  
They are not all here, the expense must be paid.  
We scored a great hit, 'till another is made  
Our worries are over, we've had our fun;  
When you need any help, call on Section One.  
And now, Mrs. Frazee, it gives me great pleasure,  
To present you this little treasure.  
'Tis not our box of trophies won,  
But just a spoon from Section One.  
'Tis only a spoon all shining and bright,  
Without your home we'd been in a plight  
Your kindness to us, can never be spoken,  
Will you kindly accept this little token?  
May your life be happy, but should sorrows come,  
You'll have the heartfelt sympathy of Section One.

## SUMNER BAND

**Furnish Music for the State  
Prohibition Convention**

**Occupied Place on Stage at Tomlinson Hall—An Honor to  
Themselves and Rush  
County.**

The Sumner brass band of nineteen pieces occupied a place on the stage at Tomlinson hall in Indianapolis yesterday and rendered some fine music which was greeted with much applause and was plainly seen to be highly appreciated. The town of Sumner is a small place lying in Posey township, in this county, but it seems to be alive with musicians and the band is a strong one and one that Rush county should be proud of.

The citizens of this city remember them as furnishing the music for the Republican convention in this city last month.

Rush county was much in evidence at the State convention but nothing attracted so much attention as the Sumner band.

The band is nicely uniformed and is doing nicely under the leadership of Earl Downey. It has been organized for about three years, and in that time has made quite a reputation.

The boys who constitute the organization are as follows: Earl Downey, Wilburn Rigsbee, Carey Hester, Chas. Northam, John Hester, Charles McFatrige, Roy Swain, Gurney Swain, Horace Worth, Loran Hester, George Alexander, Fern Downey, Erle Rigsbee, Earl Rigsbee, Ralph Hester, Otto Rigsbee, Albert Rigsbee, Luvane Spohn, Russel Pitts.

They are a jolly lot of fellows and

were accompanied to the State convention by about twenty-five persons from the Western part of the county.

Every one here complimented them on their music during the visit to this city last month and will gladly welcome them to our city again.

### For Shanghai Sailors.

Savannah, Ga., April 7.—Henry Olsen was found guilty in the United States court of shanghaiing sailors out of this port. A receipt was shown in court indicating that Olsen had received \$250 for the shipping of eight negroes who were subsequently discharged penniless in Bristol, Eng., whence they were returned to this country by the American consul. There are other cases of a similar character against Olsen.

### Wants Will Set Aside.

St. Louis, April 7.—Charles G. Pepper, son of the late Christian Pepper, a millionaire tobacco manufacturer of St. Louis, has filed suit in the circuit court to set aside the will left by his father. He alleges that his father was of unsound mind and was unduly influenced when the instrument was executed.

### The Deadlock Continues.

Havana, April 7.—Thirty-five Republicans and moderate Liberals sat in the house of representatives yesterday, but were unable to assemble the number necessary to open the session, which is forty-two. The Nationalists, including Speaker Tores, continued their conference in the anterooms.

You may talk of the signs of weather,  
Of coming days you may sing;  
But when you sit on a red hot stove,  
It's the sign of an early spring.—Ex.

Dear father—once you said, "My son,  
'To manhood you have grown;  
Make others trust you—trust yourself  
And learn to stand alone!"

"Now, father, soon I graduate,  
And those who long have shown  
How well they trust me, want their  
pay,  
And I can stand a loan."—Ex.

## JAPANESE NAVAL PLANS

**How the Mikado's Fleet is Di-  
vided for Offensive  
Purposes.**

**The Majority of These Keep an  
Eye on Port Arthur the  
Others are Divided.**

London, April 7.—A Seoul correspondent says he learns from a Japanese sailor who participated in the attacks on Port Arthur that the Japanese fleet is divided into seven squadrons. Four of these are watching Port Arthur, the fifth patrols the Korean coast, and the sixth and seventh cruise between Vladivostok and north Japan. Two torpedo boats were much damaged in the engagements, but otherwise the fleet was little injured. The damages to the Japanese cruisers Iwate and Yoshino have been repaired and the vessels have joined the fleet.

A Wei Hai Wei correspondent says Russian warships are patrolling the gulf of Pechili, and that the London Times steamer was stopped and searched thirty miles outside of Port Arthur yesterday.

A Tien Tsin correspondent says Paul Lessar, Russian minister to China, has protested to the Chinese government against the presence of Japanese instructors with the Chinese army, which he regards as a violation of neutrality. A correspondent has had an interview with a high personage closely connected with the emperor of Korea, who left his native land because of the administrative reforms introduced through the influence of the Japanese. Apparently reflecting the views of the emperor, this personage said:

"I saw the Japanese action. It is an attempt to apply to Korea the policy which the British have adopted in India. My country has reason to sympathize with the Russians, knowing the justice of their policy toward the natives of Amur, where many Koreans labor."

The sailors of the fleet who distinguished themselves in the recent Japanese attacks were decorated with the Cross of St. George by Vice Admiral Makaroff in the presence of Grand Duke Cyril, cousin of the emperor.

Vice Admiral Makaroff's leadership has inspired the men of the fleet with the highest confidence and love.

People arriving from Liao Yang report that the troops are impatient to attack the Japanese. The soldiers say they did not come east to lie on their backs, and that it is time to march. The Novi Krai suggests that necessary measures be taken to prevent those epidemics which are usually the accompaniment of war.

### Sighted the Enemy.

Port Arthur, April 7.—The Russian battleship Peresviet reports that she sighted the enemy today in Kwan Tung waters. All is quiet here.

### SANTO DOMINGAN AFFAIRS

**Morales Protests Against Activity of Jimenez.**

Cape Haytien, April 7.—President Morales of Santo Domingo has arrived here on his way to Port au Prince to request that the government of Hayti prevent General Jimenez from landing war supplies on Haytien soil. It is reported on good authority that General Jimenez's departure from the scene of his operations was for the purpose of seeking money and supplies and, the report says, he will return in a few days. Before leaving General Jimenez left General Demetrio Rodriguez in command of the revolutionary troops. General Cienavarrro has been captured and is imprisoned at Monte Cristi. President Morales says that he greatly fears Generals Guellito and Picardo, who are advancing with strong forces.

### An Interesting Party.

Newport News, Va., April 7.—General Cronje and 200 Boers, accompanied by 120 British soldiers who saw service in the Boer war, fifty women and children and twenty Zulus, Kafirs and Zambesis, have arrived here on the steamship Doune Castle from Cape Town. The burghers in the party were with Cronje at Paardeburg. General Viljoen awaits the party at St. Louis.

The Lord is not a refuge when religion is all repose.

The base ball team is practicing every evening in the City Park. The west end diamonds will have to be scraped before the game, Saturday, but the ground is too wet yet. It is hoped that the South Main street grounds will in a condition by the next home game which is with Greensburg, on April 23d.

The Athletic Association met in called session Tuesday evening at 8:45, Prof. Craige presiding. The minutes were dispensed with, as Secretary Miller was absent. Cecil Clark was appointed yell leader by the president. The most important business of the meeting was then brought up. President Craige read to the Association the resignation of Prof. A. F. Stewart, as Athletic director. The members were taken by surprise. Prof. Stewart stated in his resignation that he was obliged to retire on account of outside business, and asked that it be accepted as final. On motion of Cecil Clark, seconded by Hazel Carr, the resignation was accepted. Prof. Craige appointed Captain Stiers and Manager Ong to perform the duties of director until further notice. Yell leader Clark was instructed to get his rooters out this week for practice. There being no other business the association adjourned.

Hearst's formal announcement that he will start a newspaper in Indianapolis, and that it will be started within the next thirty days does not seem to worry the "wiley Tom," who says that the Sentinel will advertise the new paper at the usual rates.

A man who is somewhat interested in the Democratic political situation, saw a head in the Indianapolis News, yesterday, "A Million Barrels, Drawn from Surplus," and thought it was another Hearst article, but up on closer scrutiny found it to be an article from the oil fields, and related to the crude oil product.

Grover Cleveland, the only Democrat elected since the war, and closely identified with the "reorganizers" says the nomination of Parker would be the greatest possible relief and satisfaction, and further that he did not see "how anyone professing to be a real, intelligent Democrat can hesitate to accept Mr. Parker as a fit representative of safe and conservative Democratic principles."

The Democratic "love feast," at Lebanon, was a mixed up affair, and the "boys" came very near having a political discussion. Fippen, of Noblesville, said he was for a good clean man like Parker for President. Airhart, of Putnam county, said they owed Hearst a debt. John Kern said no man could be nominated who was not a supporter of Bryan. Holtzman said in order to be a good Democrat it was necessary to reindorse, etc. Oh, what harmony! What a love feast!

## MUST GO TO JAIL

Thus Says the Court in the Case of Senator Burton.

St. Louis, April 7.—United States Senator J. R. Burton of Kansas has been sentenced to six months' imprisonment in the Iron county jail and fined \$2,500 for having been convicted of using his influence before the post-office department in behalf of the Rialto Grain and Securities company of St. Louis, and of having received payment from the company for his services. Senator Burton's lawyer immediately filed a bill of exceptions in the case and offered a bond of \$10,000, which was accepted.

It is a coincidence that the amount of the fine, \$2,500, imposed upon Senator Burton, is identical with the amount which, according to the evidence, he received from the Rialto Grain and Securities company. The Iron county jail to which Senator Burton was sentenced for six months, is located in the county seat of Ironton, Mo., a village of 1,400 population, 88 miles southeast of St. Louis on the Iron Mountain railroad. The jail is a two-story brick structure and in a portion of it Sheriff Polk makes his home with his family.

## DOINGS IN CONGRESS

The Question of Pure Food Up in the Senate.

Washington, April 7.—After waiting with much patience for many days, Mr. Heyburn found opportunity to speak to the senate on the subject of pure food. Technically the speech was in support of a resolution calling on the secretary of agriculture to send to the senate the results of the investigations made by his department into adulterated foods, but in reality it was in support of the pure food bill. Mr. Heyburn contended that a very large proportion of foods, drugs and liquors were adulterated, and that many drugs were absolutely poisonous. The post-office appropriation bill is still before the senate.

The house passed seventeen bills relating to the District of Columbia, including one incorporating the Carnegie Institute. It also passed the Bowman omnibus claims bill, carrying approximately \$228,000 for the payment of small claims.

## Hawaii in Financial Distress.

Honolulu, April 7.—The legislature has met in special session to discuss the appropriations asked for by the government as well as measures to lessen the financial distress. Governor Carter, in his message to the legislature, recommended the abandonment of the appropriations for the national guard, the government band, hospital subsidies, jury fees and government physicians, and he submitted plans for sweeping reductions in expenses, the consolidation of offices and reduction in salaries.

## SNAP JUDGMENT

Is What Hearst Followers Charge Against "Reorganizers."

Indianapolis, April 7.—Oscar Henderson, manager of the Hearst boom, and others who are connected with the movement, are continuing the charge that snap judgment was taken in calling the primaries for Friday afternoon to name the delegates to the state convention. They are not very hopeful of winning anything here or in the Fourth district, where Chairman O'Brien resides, but elsewhere they have strong hopes. They are not, however, specifying any of the districts they expect to carry. Henderson was asked today to name some of their candidates for delegates, but he said he would not make any names known for several days. It is possible they will have candidates for delegates at large—in fact Henderson says they will have candidates all along the line. At this time both sides are manifesting a desire to keep the names of their candidates from the public, probably in hopes of getting their fences securely built before "the other fellow" catches on to what has been done.

Democratic National Committeeman Taggart was here again today. He met Chairman O'Brien, J. G. McNutt of Terre Haute, chairman of the Fifth district, and several other party leaders. The boss's smile is more genial than ever, and he is not the least bit worried lest the Hearst forces undo his organization and capture the Indiana delegation. At the Hearst headquarters it was said today that a candidate may be brought out against Taggart for national chairman. He does not care if he does have opposition from the Hearst crowd, as he does not fear the result. Taggart is not boasting as to what the organization will do in the way of electing delegates, but he is very confident that the state will be for Parker. The Taggart organization is very strong here, and it will not have to do much work to carry a sufficient number of wards to control things. The names of the men who have been selected by the organization to stand as candidates for delegates here have not been disclosed.

It seems that the agents of the Hearst presidential boom are not gaining much ground among the real leaders of the party in this state. It was naturally expected that men like Senator Cyrus E. Davis of Bloomfield would favor Hearst. He was a most enthusiastic Bryanite. During the last two sessions of the legislature he lost no opportunities to stand up for the principles of the Chicago and Kansas City platforms, but during a visit here today he declared that he is against Hearst. He does not regard the latter as a true exponent of Bryanism, and he does not expect that Hearst will get the loyal support of the Bryanites. The Second has been regarded as one of the strongest Bryan districts, yet it is now in line with Parker, according to the statement of many well-known politicians. It will hold its congressional convention at Spencer next Thursday. Davis was looked upon for a long time as a possible opponent of Representative Miers of Bloomington, but he says that Miers will have no opposition.

## DISAPPOINTMENT PROMISED

Seats for State Convention Visitors Will Be Limited.

Indianapolis, April 7.—There will be many disappointed people during the Republican state convention because of their inability to get seats. Chairman Goodrich and Secretary Sims are anxious to furnish every one of the visitors with tickets but the number will have to be limited. Since the last convention a great pipe organ has been erected at the back of the stage making it impossible to build the elevated platform that was so convenient in other conventions. Then a sort of elevated tier of seats has been erected under the balconies curtailing the floor space which was formerly given to the delegates and alternates. There will be 1,488 delegates and as many alternates, so if they should all appear they would take up nearly the entire space. Then the local and visiting newspaper men must be provided for. Secretary Sims, who is looking after the arrangements for the convention says he is "up against it" for space and that he doesn't know how he is going to make out.

## Can't Get Together.

Terre Haute, Ind., April 7.—The sub-committee of the miners and operators of the Indiana district has adjourned, to meet again at the call of the officers of the miners' and operators' organizations. The adjournment was due to the failure of the miners to conform to the Indianapolis agreement to work pending an agreement upon the scale. The operators made the point that before the miners' officers assumed to make a scale for the men they had better demonstrate their authority over them. The officers of the miners will go over the district, explain the situation to the men and get them back to work. It is said that while an agreement has not yet been reached, that the members of the committee are approaching an agreement. Most of the operators have left town.

## Insolvency Is Alleged.

Chicago, April 7.—All the business and assets of the S. D. Kimbark company, one of the largest wholesale hardware firms in Chicago, have been placed in the hands of a receiver by Judge Kohlsaat of the United States district court. This action followed the filing of a petition by three creditors of the firm, alleging insolvency.

# MAKES IT BINDING

President Smith of Mormon Church Issues Manifesto on Polygamy.

## DENIES LATE REPORTS

Says That the Church Does Not Sanction Plural Marriages and Provides Penalties.

Church Indorses His Edict and Joins in Resolve to Punish Offenders.

Salt Lake City, Utah, April 7.—A notable feature of the closing session of the 74th annual conference of the Mormon church was the official declaration by President Joseph F. Smith on the subject of polygamy. The statement follows:

"Inasmuch as there are numerous reports in circulation that plural marriages have been entered into contrary to the official declaration of President Woodruff of Sept. 26, 1890, commonly called the manifesto, which was issued by President Woodruff and adopted by the church at its general conference, Oct. 6, 1890, which forbids any marriage violative of the law of the land, I, Joseph F. Smith, president of the Church of Jesus Christ of the Latter Day Saints, hereby affirm and declare that no such marriages have been solemnized with the sanction, consent or knowledge of the Church of Jesus Christ of Latter Day Saints, and

"I hereby announce that all such marriages are prohibited, and if any officer or member of the church shall assume to solemnize or enter into any such marriage he will be deemed in transgression against the church and will be liable to be dealt with according to the rules and regulations thereof and excommunicated therefrom."

This statement received the full indorsement of the church members assembled, who unanimously adopted the following resolution introduced by Apostle Francis M. Lyman:

"Resolved, That we, the members of the Church of Jesus Christ of Latter Day Saints, in general conference assembled, hereby approve and endorse the statement and declaration of President Joseph F. Smith, just made to this conference concerning plural marriages, and will support the courts of the church in the enforcement thereof."

## ENTHUSIASTIC GREETING

Given Members of Canal Commission by President Amadore.

Panama, April 7.—The members of the United States canal commission received an enthusiastic welcome on their arrival here from Colon. They were met at the railroad station by a

REAR ADMIRAL JOHN G. WALKER.

[Chairman Panama canal commission.] number of special representatives of the government of the republic. At the palace the meeting between President Amadore and the American commissioners was most cordial, and the commissioners were entertained at luncheon by the president. After the luncheon the members of the commission went to La Boca, from which point they returned to Colon.

## Coal Strike Threatened.

Louisville, Ky., April 7.—The conference between the delegates representing the Kentucky coal miners and operators, to which President John Mitchell of the United Mine Workers was a party, ended in a disagreement and a strike seems inevitable. Despite the efforts of President Mitchell to bring them together, each side held to its original terms, the miners demanding the full Indianapolis scale, and the operators demanding an average reduction of 4 1/2 per cent.

## A \$200,000 Blaze.

York, Pa., April 7.—Fire of unknown origin today totally destroyed the large plant of the York Carriage company, entailing a loss of about \$200,000, partly covered by insurance. Two hundred and sixty men are thrown out of work. Several adjoining properties were damaged.

### THE LYNCHHAUN CASE

Points Involve Interpretation of Extradition Treaty.

Washington, April 7.—Argument is being heard in the case of Thomas Walsh, or James Lynchehaun, involving an interpretation of the extradition treaty with Great Britain. Lynchehaun is an Irishman who, while residing on Achill Island in 1894, made a murderous assault on his landlady, Mrs. Agnes McDowell, and was sentenced to imprisonment for life. Escaping in 1903, he came to the United States. When arrested in Indianapolis, Ind., he denied his identity, but the courts held that he had not succeeded in establishing that he was not the man wanted. The United States commissioner, however, refused the man's extradition on the ground that the crime was political and therefore not extraditable under the treaty. The question before the supreme court, therefore, deals especially with the character of offense. The case was argued for Lynchehaun by Ferdinand Winter and for the British government by Charles Fox. Mr. Fox contended that the crime was in the nature of an ordinary assault with intent to kill, while Mr. Winter argued that it was the result of resentment against landlordism in general and therefore political.

### Arbitration Was Successful.

New York, April 4.—The emergency committee of the Building Trades Employers' association has ratified the resolution adopted by the general arbitration board. This resolution provided that 15,000 bricklayers on strike should return to work pending arbitration of all existing differences. The bricklayers' delegates were parties to the agreement. The Laborers' Union Protective society, through its council, also decided to accept the terms of the resolution, and an order has been issued to members of the laborers' union to return to work at once.

### Wants to Avert Bloodshed.

London, April 7.—Indian Secretary Brodrick has received a dispatch from Colonel Younghusband, the political agent with the British expedition into Tibet, in which the colonel says he expects to reach Gyantse (160 miles from Lhasa, the capital of Tibet) within a week, and there meet the Chinese representatives and high Tibetan officials and make a settlement by which further bloodshed will be prevented.

### State Senator on Trial.

Grand Rapids, Mich., April 7.—A jury has been secured in the superior court for the trial of State Senator David E. Burnes. The defendant is charged with accepting a bribe of \$200 to influence legislation at Lansing in connection with the Lake Michigan water deal, which resulted recently in sensational disclosures of municipal corruption.

### Double Bank Failure.

Marshalltown, Ia., April 7.—The Exchange Bank of Dow City and the Bank of Buck Grove, Crawford county, have failed with reported total liabilities of half a million dollars and assets of only \$150,000. Both banks are owned by E. H. Greene of Dow City.

### Appeal in Good Cause.

Cleveland, O., April 7.—The Marcus A. Hanna memorial chair of political science association has sent out 10,000 letters of appeal for contributions to that cause. The letters are being sent to nearly every prominent city in the United States.

### Motion for New Trial.

## STATE NEWS

Indianapolis, April 7.—The Prohibitionists of Indiana in state convention here selected a full state ticket, with the exception of candidates for judges of the supreme court, which was left to the state committee. The remainder of the ticket is as follows:

Governor—Felix T. McWhirter, Indianapolis.

Lieutenant Governor—H. C. Ramsey, Frederickburg.

Secretary of State—Alva H. Swain, Arlington.

Auditor of State—R. V. King, Franklin.

Treasurer of State—R. L. Leason, Elwood.

Attorney General—W. A. Swank, Crawfordsville.

Reporter of the Supreme Court—Edward W. Clark, Indianapolis.

State Superintendent of Public Instruction—A. L. Green of Purdue University.

State Statistician—J. E. Cowgill, Indianapolis.

The platform adopted by the party declared for the repeal of all "laws which now make the state a party to the crime of liquor selling"; asked a constitutional enactment prohibiting the manufacture and sale of alcoholic liquors for beverage purposes; criticized the Nicholson law on the ground that it throws the burden on the people instead of on the applicants for liquor licenses; declared for woman's suffrage, and urged the creation of boards of arbitration to settle all differences between capital and labor.

### Congressional Aspirants.

Indianapolis, April 7.—The candidates for congress nominated by the Prohibitionists are as follows: First district, A. C. DeForest, Evansville; Second, Alexander P. Asbury, Farmersburg; Third, T. J. Shrode, New Albany; Fourth, F. O. Lamoreaux, Franklin; Fifth, David Hadley, Mooresville; Sixth, Charles A. Johnson, Greenfield; Seventh, Elijah W. Lawhon, Indianapolis; Eighth, Aaron Worth, Bryant; Tenth, Isaac S. Wade, Lafayette; Eleventh, Edward H. Kennedy, Amboy; Twelfth, George C. Ulmer, Lagrange; Thirteenth, Charles E. Holler, South Bend. ### YOUNG GIRL MISSING

Relatives Fear She Has Been Deceived From Home.

Marion, Ind., April 7.—Miss Edith Bolan, eighteen years old, left her home in South Harmon street Sunday night, in company with an unknown man, who stopped at her house in a buggy. Nothing has been heard of her since, and her relatives and friends are greatly alarmed. The man who called at the house was well dressed and young in appearance, and it is thought they may have eloped, but as her relatives and friends are not acquainted with the young man, it is thought she has been kidnapped or has been induced to leave home by designing persons. Miss Bolan is a pretty girl of striking figure, and is prominent in church work and society in South Marion.

### A Woman's Suicide.

Indianapolis, April 7.—The body of Mrs. Bessie McLaughlin, a well-dressed woman wearing three diamond rings, a diamond pin, watch and other jewelry, was found in the ditch cut through Cereallinetown by the water company for a main connecting the filter plant with the Riverside pumping station. It is believed she threw herself in the water. Mrs. McLaughlin came from Toronto, Canada, and was visiting her mother. She was last seen alive Monday morning. The woman was temporarily deranged.

### Ample Financial Backing.

Columbus, Ind., April 7.—Charles N. Wilson, general manager of the Columbus, Greensburg and Richmond Traction company, makes a strong denial of the rumors that the road will ask for subsidies along the line from this city to Richmond. The company asserts that it has ample financial backing and will begin construction in a few weeks.

### Brandt's Body Found.

Logansport, Ind., April 7.—After a search of three days and nights, the body of Sol D. Brandt was found in the Wabash river, near Georgetown, below this city. The body passed over two dams and lodged in some drift at a bend in the river twelve miles below the scene of the accident.

### Body Found in River.

Kokomo, Ind., April 7.—The body of Arthur Jackson, who disappeared from his home in this city some time ago, was found in the Elk river. The body was identified by the clothing as that of Jackson.

### Ministerial Crisis Imminent.

Santiago de Chile, April 7.—Another ministerial crisis is imminent and the present coalition of parties in the cabinet will probably give way to a new party formed of the liberal element.
